REMARKS/ARGUMENTS

Applicant notes with appreciation the indicated allowability of claims 39, 45, 47, 49 and 50 subject only to being rewritten in independent form. By the foregoing amendment, claims 35 and 49 have been amended to include the limitations of claims 39 and 45 respectively. Claims 39 and 45 have been cancelled. Accordingly, claims 35-38, 40-44 and 46-50 ought now be formally allowed in view of their dependency on claims indicated allowable.

Claims 51-72 have been added. Independent claim 51 is a combination of prior claim 41 and claim 47 indicated allowable. Independent claim 60 is a combination of prior claim 41 and claim 49 indicated allowable. Independent claim 67 is a combination of claim 41 and 50 indicated allowable. There being no further independent claims and the added dependent claims being dependent variously upon independent claim 51, 60 and 67 containing indicated allowable subject matter, it is believed that the added claims 51-72 are likewise allowable.

There being no outstanding claims which are the subject of any rejections or objections, applicants believe that the application is now in condition for allowance and early notification of the formal allowance of the application is respectfully requested.

Respectfully submitted,

NIXON & VANDERHYE P.C.
